PROPOSAL: FIDELITY NATIONAL BANK & TRUST CO. K.C. MO.

Moved by Councilman Swanson, Seconded by Councilman Maddox.

That we accept the following proposal; To the Hon. Mayor and Council, Concordia, Kansas. Gentlemen; - In connection with your paving program, which is estimated to cost in the neighborhood of \$ 75,000.00, we make you the following proposition:

For approximately \$ 75,000.00 legally issued paving bonds of your City, delivered to us in Kansas City, Mo. dated about Feb. 1st 1927 and to mature serially approximately one-tenth each year, said bonds to be of denomination of \$ 500.00 and/or \$ 1000.00 bearing interest at the rate of 4 $\frac{1}{2}$ % per annum, payable semi-annually both principal and interest payable at the office of the State Treasurer, Topeka, Kansas - we will pay you par and accrued interest.

Pending the issuance of bonds we agree to carry approved estimates of the engineer, to be evidenced by properly issued temporary municipal notes of your city, at the rate of 6% per annum, which notes are to be retired promptly by the proceeds of the bond issue.

We agree to have our attorneys examine transcript of legal proceedings and to collaborate with your city Attorney in connection with completing the transcript, showing full authority for the issuance of bonds, and we are to pay the fees of said attorneys.

You agree to furnish us, however, promptly and prior to the issuance of bonds, a fully certified copy of the transcript showing authority for the issuance of these bonds and the regularity of the taxation provisions relating thereto, to the satisfaction of our attorneys.

We agree to prepare bonds ready for execution by your proper city officials, attend to the registration of said bonds with the State Auditor at Topeka, make necessary offering of bonds to the State School Fund Commission, as soon as the transcript proceedings are complete and ~~XXXXXX~~ bond ordinance passed.

In consideration of taking a definite commitment on 4 $\frac{3}{4}$ % bonds at par and accrued interest, for future delivery, carrying the temporary financing on this work, and in the further consideration of performing the services above enumerated, at our expense, you agree to pay us - at the ~~time~~ time bonds are delivered - the sum of \$ 2.39 per hundred par value of bonds so authorized.

Respectfully submitted,

Jan. 4th 1927.

E.J. Alexander, City Clerk, Concordia, Kansas.

Confirming our oral understanding of last evening while in the Council meeting, we are willing to carry a \$ 6,000. warrant of your City, the proceeds of which are to be used in making up the balance needed to retire \$ 43,000. Water Works bonds of your city maturing Feb. 1st 1927. It is understood that the warrant will draw 6% interest payable semi-annually and you estimate that you will be able to take up the warrant in about one year.

If local parties desire to purchase the warrant, it will be entirely agreeable with us, but if not, I suggest you prepare the warrant and endorse on the back thereof "presented and not paid for want of funds this _____ day of _____ 1927, and forward the warrant to us, either directly or through one of your local banks, and we will promptly remit by Cashier's check.

W.W. Holloway, Bond Department.

P.S. If you have any reluctance about issuing a warrant for the above purpose, we would just as soon carry \$ 6,000. of your past due bonds at the rate of 6% interest. Under this method you could retire \$ 1,000 bonds every two or three months. It makes no difference to us which way you handle it.

Council met in adjourned meeting pursuant to the adjournment of of June 6th, 1927 with Mayor Edquist presiding with the following Councilmen
Present: Whipp, Short, Page, Rogers, Moore, Maddox and Sewart
Absent: Caldwell.

Thereupon, there comes on for consideration the petition of property owners for the special illumination of Washington Street from Third Street to Seventh Street in said City of Concordia, Cloud County, Kansas, and the Council upon motion duly made, seconded and carried does find and declare that due and legal notice has been given of the time and place of hearing of said petition all as required by chapter 141 of the laws of 1915 of the State of Kansas, and does direct the City Clerk of said City to cause such finding to be entered upon the records.

The electric light committee reported they had made investigation in regard to the petition for specially illuminating Washington Street between Third Street and Seventh Street and asked that the Council hear from Mr. Dunbar of The Kansas Power Company. Mr. Dunbar introduced Mr. Sampson, who addressed the Council. Mr. Sampson estimated the cost of such a Whiteway at approximately \$130.62, per pole or a grand total of approximately \$4,380.00, which would figure approximately \$1.88, per front foot to the abutting property owners.

Thereupon the Mayor announced that the Council would hear all persons in favor of or opposed to the granting of the prayer of said petition, and the Council thereupon, hearing no protests and having satisfied itself that the petition was signed by the proper number of persons possessing the qualifications prescribed by law, finds that the allegations of said petition are true and that it is advisable to illuminate said street and that the cost thereof will not be too burdensome upon the persons directly benefitted thereby, and

Thereupon the following Resolution was unanimously adopted, all members present voting, Aye.

R E S O L U T I O N

WHEREAS, a petition has been filed in the office of City Clerk of said City, of Concordia, Cloud County, Kansas, setting forth that Washington Street from Third Street to Seventh Street in said city should be specially illuminated and that an additional system of lights is necessary for that purpose and stating that such illumination thereof will be conducive to the public convenience and welfare, which petition has been signed by more than one-half of the resident property owners abutting and fronting on said street as described above and praying the Mayor and Council to specially illuminate such portions of said street and to construct, install, equip and maintain an additional system of street lights for that purpose, and

WHEREAS, on June 6th, 1927 the Council fixed June 14th, 1927 at 7:30 p. m., as the time and the City Hall as the place for hearing said petition, and

WHEREAS, the City Clerk has given notice of the time and place of the hearing of said petition in the official city paper, five days before the date fixed for hearing, and within twenty days from the date of the filing thereof, and

WHEREAS, said petition has now been heard at the time and place aforesaid.

NOW THEREFORE, Be it resolved that it is found and determined that the notice of the hearing of said above petition has been duly and legally made, and that said petition is signed by the proper number of persons possessing prescribed qualifications, and that such petition is in conformity to the requirements of chapter 141 of the Laws of 1915 and that the allegations contained in said petition are true, and that it is advisable to so illuminate said street and that the cost thereof will not be burdensome upon the persons to be directly benefitted, and

BE IT FURTHER RESOLVED, That Washington Street from Third Street to Seventh Street in the City of Concordia, Cloud County, Kansas, be specially illuminated and for that purpose that an

additional system of street lights be constructed, installed, equipped and maintained thereon for the purpose of so specially illuminating said street.

It was moved, seconded and unanimously carried that the Council accept bids for the installation of said whiteway and its meeting to be held July 5th, 1927.

It was moved, seconded and unanimously carried that The Kansas Power Company draw the plans and specifications for such whiteway system, the same to be in the hands of the City Clerk by Tuesday, June 21st.

Frank Ponton and others appeared before the Council and entered their objection to have sanitary sewer run across their property. This was referred to the sewer committee.

Mr. D. E. Schaeffer of The United Telephone Company presented the following resolution:

R E S O L U T I O N

WHEREAS, the City of Concordia, Kansas, has but two paid firemen on duty, the rest of the department being made up of volunteer men and which necessitates the sounding of the fire whistle to notify the volunteer men of the fire, and

WHEREAS, the efficiency of the volunteer fire department of said city has been and is being hampered and curtailed by reason of the promiscuous and unnecessary calls made on The United Telephone Company for information regarding the nature and location of the fires during the period of time in which the fire alarm is being sounded and immediately thereafter, and the fire alarm is being sounded and immediately thereafter, and

WHEREAS, The United Telephone Company cannot render adequate, prompt efficient service to its patrons on regular emergency calls during or immediately after the time when the fire alarm is sounded because of the promiscuous and unnecessary calls and the consequent paralyzing of the working facilities of said Telephone Company, occasioned thereby, and

WHEREAS, such promiscuous and unnecessary calls are not to the best interests of the city at large and as a whole,

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Council of the City of Concordia that the United Telephone Company is not and will not be required to give any information or answer inquiry regarding the nature or location of any fire being or happening in the City of Concordia, except to the members of the Fire Department, Superintendent of Pumping Station, the Chief of Police, Council, or the Mayor, Owner, Agent or Tenant, if known, of the burned or burning property, or property known to be in hazard.
