Proposal Section

State

Proposal 22-1
A proposal to amend the state constitution to require annual public financial disclosure reports by legislators and other state officers and change state legislator term limit to 12 total years in legislature

This proposed constitutional amendment would:

- Require members of legislature, governor, lieutenant governor, secretary of state, and attorney general file annual public financial disclosure reports after 2023, including assets, liabilities, income sources, future employment agreements, gifts, travel reimbursements, and positions held in organizations except religious, social, and political organizations.
- Require legislature implement but not limit or restrict reporting requirements.
- Replace current term limits for state representatives and state senators with a 12-year total limit in any combination between house and senate, except a person elected to senate in 2022 may be elected the number of times allowed when that person became a candidate.

Should this proposal be adopted?

Yes

No

Proposal 22-2
A proposal to amend the state constitution to add provisions regarding elections

This proposed constitutional amendment would:

- Recognize fundamental right to vote without harassing conduct;
- Require military or overseas ballots be counted if postmarked by election day;
- Provide voter right to verify identity with photo ID or signed statement;
- Provide voter right to single application to vote absentee in all elections;
- Require state-funded absentee-ballot drop boxes, and postage for absentee applications and ballots;
- Provide that only election officials may conduct post-election audits;
- Require nine days of early in-person voting;
- Allow donations to fund elections, which must be disclosed;
- Require canvass boards certify election results based only on the official records of votes cast.

Should this proposal be adopted?

Yes

No

Proposal 22-3

A proposal to amend the state constitution to establish new individual right to reproductive freedom, including right to make all decisions about pregnancy and abortion; allow state to regulate abortion in some cases; and forbid prosecution of individuals exercising established right

This proposed constitutional amendment would:

- Establish new individual right to reproductive freedom, including right to make and carry out all decisions about pregnancy, such as prenatal care, childbirth, postpartum care, contraception, sterilization, abortion, miscarriage management, and infertility;
- Allow state to regulate abortion after fetal viability, but not prohibit if medically needed to protect a patient's life or physical or mental health;
- Forbid state discrimination in enforcement of this right; prohibit prosecution of an individual, or a person helping a pregnant individual, for exercising rights established by this amendment;
- Invalidate state laws conflicting with this amendment.

Should this proposal be adopted?

Yes

No

County

Oakland County Public Transportation Millage

A proposal to authorize Oakland County to levy a millage for the purpose of funding public transportation services in Oakland County, including operating, maintaining, improving, and expanding transit services, creating and expanding new fixed routes for bus service connecting local communities, expanding transportation services for seniors, veterans, and people with disabilities, and providing transportation to get employees to jobs, patients to healthcare, students to colleges and universities, for the general public to have more transportation options, and for related purposes authorized by law.

This millage would be levied at a maximum rate of .95 mills (95 cents per \$1,000 in taxable value) for a period of 10 years beginning in 2022 and ending in 2031.

This millage would replace an expiring millage levied by the Oakland County Public Transportation Authority supporting the Suburban Mobility Authority for Regional Transportation (SMART), and fund replacement of other local public transportation millages.

If this new millage is approved and levied, revenue will be distributed to Oakland County, SMART, North Oakland Transportation Authority (NOTA), Older Persons' Commission (OPC), and the Western Oakland Transportation Authority (WOTA). It is estimated that \$66,163,000 will be collected in the first year. Expenditure of revenue from the millage will be subject to oversight by the Oakland County Board of Commissioners and to independent audits.

Should this proposal be adopted?

Yes

No

Township

Police Millage Renewal

Shall the Charter Township of Oakland be authorized to continue the previously authorized levy after applying the Headlee rollback up to an estimated 1.6253 mills for a period of six (6) years, starting with the December 2023 levy to be disbursed to Oakland Township for the purpose of providing police services; including equipment, operating costs, officer quarters and personnel costs in the Township?

The voters approved a millage for the above-stated purposes in the amount of 1.7193 mills starting with the December 2017 levy, which will expire in December of 2022. This proposed millage is a renewal of previously authorized millage for the above stated purpose. Approval of this proposal would renew the tax limitation increase of approximately 1.6253 per \$1,000 of taxable value on all taxable property in the Township. It is estimated that based on the Township's current 2022 total taxable value, this proposal would result in the authorization to collect \$2,861,600.00 in the first year, if approved and levied.

Yes

No
