<b>Total:</b>	<b>\$37,950.00</b>

## Notes

Software prices quoted are valid for 90 days.

All projects require 10% down at time of order.

Conversion is quoted for the current year and two years of history.

Existing Standard Support Plan will be transitioned to the Software Assurance Plan which includes Software for Life and will increase the fee \$4,525 annually and will be prorated to begin on the initial module scheduled live date and match the current support and maintenance schedule.

The VIP Software utilizes blank stock printing for W2's and 1099's and emailing paystubs are included with the application.

Applications include electronic banking capabilities as part of the applications. These include such things as ACH, Direct Deposit, EFT etc.

VIP software requires a Windows Server running SQL. See hardware specifications provided separately. VIP is also available as a cloud-based product that is hosted by Amazon Web Services (AWS). The city may choose the more robust option of VIP Cloud for hosting the software. This can be quoted separately, if the city chooses to go to the cloud for added security, flexibility and disaster recovery.

VIP Payroll, VIP Departmental Time Entry, VIP Employee Portal, VIP Analytics, VIP General Billing, VIP Cloud and cloud backup are not a part of this quote.

10% down is required at time of the signing. 60% due when sandbox is delivered and 30% due on GO Live scheduled date.
