Article I. Authority and Enactment clause

For the purpose of promoting health, safety, morals and general welfare, and by authority granted by the General Assembly of the State of North Carolina, General Statutes, particularly Chapter 160D, the Polk County Board of Commissioners hereby ordains and enacts into law the following articles and sections. ^{xxv}

Article II. Short Title

This ordinance shall be known and may be cited as "The Zoning Ordinance of Polk County, North Carolina."

Article III. Applicability & Jurisdiction

Section 3.1 Jurisdiction.

The provisions of this ordinance shall be applicable to the unincorporated areas of the county lying outside of any extra territorial zoning districts as specifically identified and delineated on the zoning map entitled "Official Zoning Map, Polk County, North Carolina." Parts of the county not identified as the zoning area shown on this map are not affected by these regulations.

Section 3.2 Exemption. ^{xix}

This ordinance shall in no way regulate, restrict, prohibit, or otherwise affect bona fide farms within the jurisdiction of this ordinance, now enacted, or hereafter amended or revised. Any use of such property for nonfarm purposes, however, shall be subject to this ordinance.

According to General Statute 160D-903, a building or structure that is used for agritourism is a bona fide farm purpose if the building or structure is located on a property that (i) is owned by a person who holds a qualifying farmer sales tax exemption certificate from the Department of Revenue or (ii) is enrolled in the present use value program. ^{xxv} Failure to maintain the requirements of this section for a period of three years after the date the building or structure was originally classified as a bona fide purpose shall subject the building or structure to applicable zoning and development regulation ordinances in effect on the date the property no longer meets the requirements. For purposes of this section, "agritourism" means any activity carried out on a farm or ranch that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities, including farming, ranching, historic, cultural, harvest-your-own activities, or natural activities and attractions. A building or structure used for agritourism includes any building or structure used for public or private events, including, but not limited to, weddings, receptions, meetings, demonstrations of farm activities, meals, and other events that are taking place on the farm because of its farm or rural setting.

Article IV. Application of Regulations.

Section 4.1 Use, occupancy and erection of buildings.

No building, structure, or land shall hereafter be used or occupied, and no building, structure or parts thereof shall be erected, moved or altered except in conformity with the regulations herein specified for the districts in which they are located, except as hereinafter provided. Please refer to Article 9 for administrative regulations and procedures.

Section 4.2 Limitation on number of principal buildings on one lot.

Except as hereinafter provided in Section 6.2.3, 6.2.5, 7.3, and 7.4^{xiv}, only one principal building and its customary accessory buildings may hereafter be erected on any lot. Except as otherwise provided in this Ordinance, a mobile home shall in no event be considered a customary accessory building.

Section 4.3 Sharing of yard requirements.

No part of a yard, court, or other open space provided about any building or structure for the purpose of complying with the provisions of this ordinance shall be included as a part of a yard or other open space required under this ordinance for another building or structure.

Section 4.4 Reduction of lot and yard areas prohibited.

No yard or lot existing at the time of passage of this ordinance shall be reduced in size of area below the minimum requirements set forth herein.

Section 4.5 Road access.

No building shall hereafter be erected on a lot unless there is legal access to such lot adequate to serve the purposes of the building.

Section 4.6 Off-street parking. ^{xii}

Off-street automobile parking or automobile storage space shall be provided on every lot at the time any principal building is enlarged or increased in capacity, or at the time one (1) type of use is converted to another, or whenever any of the following uses listed in Section 4.7 are hereafter established. Such space shall be provided with vehicular access to a street or alley and shall not be provided in a setback area required by the provisions of Article 7. Each automobile space shall consist of an improved hard-surface or crushed stone, unless otherwise specified, not less than one hundred sixty two (162) square feet (18' by 9') in an area exclusive of adequate access drives and maneuvering space.

Parking Lot Landscaping Requirements

Trees and shrubs are required in and around parking lots with more than ten spaces to provide attractive views from roads and adjacent properties, provide shade to reduce the heat generated by impervious surfaces, help absorb runoff, reduce glare from parking lots, and to help filter exhaust from vehicles.

1. Where parking areas with more than ten spaces adjoin a public right-of-way, a landscaped planting strip 10 feet wide shall be established and continuously maintained between the public right-of way and parking area(s). Parking areas within 50 feet of the right-of-way shall have a visually modifying screen or barrier that meets one of these standards:
 - a. evergreen shrubs shall be planted 30 inches apart as measured from the center, and attain a height of at least 48 inches within four years of installation;
 - b. the screen or barrier is of the same material as the principal building; or

- c. there is an earthen berm at least two feet high, with a minimum crown width of two feet and a width to height ratio of no greater than 2:1; shrubs shall be planted on top of the berm that will attain a height of at least 36 inches within four years of installation and shall be planted 30 inches apart.

No screen is required at parking lot entrances or exits, and no screen shall obstruct vision within 50 feet of an entrance, exit or intersection. The landscaped planting strip shall be covered with living material, including groundcover and/or shrubs, except for mulched areas directly around the trees, so that no soil is exposed.

2. Parking areas with more than five spaces shall have at least one deciduous tree for every five (5) parking spaces, with some appropriate clustering of trees permitted, and 6-foot by 18-foot projecting landscaped islands generally every 10 parking spaces. Whenever possible, interior parking spaces should have a continuous planter strip six (6) feet wide between rows of parking. Where appropriate, provisions shall be made to ensure that adequate pedestrian paths are provided throughout the landscaped areas. In all cases, at least one deciduous tree shall be provided for a parking lot regardless of the number of spaces provided.

3. Areas in a parking lot not used for driveways, maneuvering areas, parking spaces, or walks shall be permanently landscaped with suitable materials and permanently maintained.

Law Enforcement Center – natural tree line buffers around the exterior of the parcel to be maintained, unless security issues will not allow.^{xvi}

4.7.1 Shared Parking^{xix}

Where multiple uses exist within a building or a development project, an applicant will:

- a. meet the required minimum parking requirements; or
- b. provide documentation by a registered engineer or qualified professional to evaluate and certify shared parking using ULI (Urban Land Institute) or ICSC (International Council of Shopping Centers) International Guidelines for shared parking.

Section 4.8 Combined parking space.

The required parking space for any number of separate uses may be combined in one (1) lot but the required space for one (1) use may not be assigned to another use, except that one-half of the parking space required for churches, theaters, or assembly halls whose peak attendance will be at night or on Sundays may be assigned to a use which will be closed at night or Sundays.

Section 4.9 Parking spaces provided within four hundred (400) feet of principal use.

If the off-street parking space required cannot be reasonably provided on the same lot on which the principal use is located, such space may be provided within four (400) hundred feet of the main entrance to such principal use, provided such land is in the same ownership or long-term lease as the principal use. Said land shall be used for no other purpose so long as no other adequate provisions of this ordinance have been made for the principal use. In such cases, the applicant for a zoning compliance or zoning permit for the principal use shall submit with his application an instrument duly executed and acknowledged, which subjects said land to parking use in connection with the principal use or for which it is made available. Upon the payment of the

necessary fee and the issuance of a zoning compliance or zoning permit, the Zoning Administrator shall cause said instrument to be registered in the office of the Register of Deeds of Polk County.

Section 4.10 Off-street loading and unloading spaces.

Every building or structure used for business, or wholesale or industry shall provide space as indicated below for the loading and unloading of vehicles. Such space shall have access to a public street or alley. For the purposes of this article, an off-street loading space shall consist of an improved hard-surface or crushed stone and have minimum dimensions of nine (9) feet wide, thirty (30) feet long, with fourteen (14) feet overhead clearance.

- a. Retail business: One (1) space for each three thousand (3,000) square feet of floor area or fraction thereof, unless differently required by Section 4.8.
- b. Wholesale or industry: One (1) space for each ten thousand (10,000) square feet of floor area or fraction thereof.

Section 4.11 Temporary use permits for manufactured/mobile homes.

In the event of a medical condition where a family member requires close supervision or constant care, the Board of Adjustment may issue a temporary use permit whereby a mobile home or a manufactured home may be placed in the rear yard of a residential dwelling as an accessory structure. Such temporary use permit shall be issued for a period of time not to exceed twelve months and may be renewed by the Zoning Administrator so long as the hardship continues to exist.

Article V. Establishment of Districts and Boundaries and Map.

Section 5.1 Establishment of districts.

For the purpose of the ordinance, the area designated on the zoning map is hereby divided into the following districts:

Residential (R)

Agricultural-residential (AR)

Residential estate/low density (RE-1)

Residential estate/low density (RE-2)

Residential estate/very low density (RE-5)

Multifamily residential (MR)

Neighborhood Commercial (NC)

Highway commercial (HC)

Industrial (I)

Multiple use (MU)

Family Farm (FF)

Agricultural-residential/very low density (AR-5)

Equestrian (E) ^{viii}

Equestrian Village (EV) ^{xiv}

Government and Public Facilities District (GPF) ^{xvi}

Section 5.2 District boundaries.

The boundaries of the districts as herein established are shown upon the map accompanying this ordinance entitled "Official Zoning Map, Polk County, North Carolina," and made a part thereof. The zoning map and all the notations, references and other information shown thereon is hereby made a part of this ordinance the same as if such information set forth on the map were all fully described and set forth herein. The zoning map properly attested is on file in the office of the Zoning Administrator and is available for inspection by the public.

Section 5.3 Rules governing boundaries.

Where uncertainty exists with respect to the boundaries of any of the aforesaid districts as shown on the zoning map, the following rules shall apply:

- a. Where district boundaries are indicated as approximately following the centerlines of streets or highways, street lines or railroad rights-of-way lines or such lines extended, such centerlines, street lines, or railroad right-of-way lines shall be construed to be said boundaries.
- b. Where district boundaries are so indicated that they approximately follow lot lines, such lot lines shall be construed to be said boundaries.
- c. Where district boundaries are so indicated that they are approximately parallel to the centerlines of streets, highways or railroads, or rights-of-way of same, such district boundaries shall be construed as being parallel thereto and at such distance therefrom as indicated on the zoning map.
- d. In unsubdivided property or where a district boundary divides a lot, the location of such boundary, unless the same is indicated by dimensions shown on the map, shall be determined by use of the scale appearing in the map.
- e. Where district boundaries are indicated as approximately following the centerline of stream beds, or river beds, such centerlines shall be considered to be such boundaries. ^{xxv}

Section 5.4 Statement of District Intent

5.4.1 Residential district (R).

The residential district (R) is intended to provide locations for residential purposes, and limited private and public uses which do not detract from the residential character of the neighborhood. This district is further intended to prohibit business and industrial land uses and any other uses that would interfere with the developing or continued use of land for residential purposes.

5.4.2 Agricultural-residential district (AR).

The agricultural-residential district (AR) is intended to provide areas for general agricultural purposes, and low density residential purposes. This district is further intended to protect from scattered and uncoordinated development, and to discourage any use that because of its size or character would create unusual requirements and costs for providing public services such as water supply, refuse, and sewerage disposal before such services are generally needed.

5.4.3 Residential estate/low density district (RE-1).

The residential estate/low density district (RE-1) is intended as a district in which the principal use of land is for low density residential purposes and for other residentially related facilities designed for serving the residents of these districts. These districts consist primarily of single-family detached dwelling units placed on relatively large lots with considerable open spaces between structures, thus creating a low density residential environment. Nonresidential uses are limited in order to maintain the low density character and to preserve the natural features of those areas. Likewise, dimensional requirements pertaining to lot size, building setbacks, and yard requirements, have been established to promote the general welfare of the community.

5.4.4 Residential estate/low density district (RE-2).

The residential estate/low density district (RE-2) is intended as a district in which the principal use of land is for low density residential purposes and for other residentially related facilities designed for serving the residents of these districts. These districts consist primarily of single-family detached dwelling units placed on relatively large lots with considerable open spaces between structures, thus creating a low density residential environment. Nonresidential uses are limited in order to maintain the low density character and to preserve the natural features of those areas. Likewise, dimensional requirements pertaining to lot size, building setbacks, and yard requirements, have been established to promote the general welfare of the community.

5.4.5 Residential estate/very low density district (RE-5).

The residential estate/very low density district (RE-5) is intended as a district in which the principal uses of land are for (1) nonprofit private equestrian courses, nature centers and recreational facilities , (2) private stables and (3) very low density residential purposes and for other residentially related facilities designed for serving the residents of these districts. These districts consist primarily of single-family detached dwelling units placed on large lots with considerable forestation or open spaces between structures, thus creating a very low density residential environment. Nonresidential uses are limited in order to maintain the very low density character and to preserve the natural features of those areas.

Likewise, dimensional requirements pertaining to lot size, building setbacks, and yard requirements have been established to promote the general welfare of the community.

5.4.6 Multifamily residential district (MR).

The multifamily residential district (MR) is intended to provide an area for the development of single and multifamily uses such as apartments and condominiums.

5.4.7 Highway commercial district (HC).

The highway commercial district (HC) is intended to provide for the orderly development and concentration of highway commercial uses at appropriate locations, and to encourage the development of these locations so as to minimize traffic hazards. The principal use of this district is to provide for the provision of products and services to tourists and the motoring public in areas adjacent to interstate and other major highways.

5.4.8 Industrial district (I).

The industrial district (I) is intended to provide for the orderly development of industry which will provide increased employment and which will not be detrimental in terms of creating a damaging environment in the surrounding area.

5.4.9 Neighborhood Commercial (NC).

The neighborhood commercial district (NC) is intended to provide suitable locations for limited, neighborhood-oriented, commercial businesses and service activities in close proximity to residential neighborhoods, schools, and hospitals. This district is designed to allow for a mix of residential, commercial, business and service uses to serve the residents, occupants, patients, students, and visitors to the area, in limited areas, along major traffic arteries and at key intersections, to preserve the traffic carrying capacity of the streets, to provide for off-street parking, and to limit building illumination to minimum needed for safety. The type of uses allowed, and the standards established for development in this district, should be compatible with the residential character of the area, and not to encourage extensive development, but rather to provide concentrations of general commercial and business activities. This district should currently have water and sewerage services or be expected to have such services available in the foreseeable future.

5.4.10 Multiple Use (MU).

The multiple use district (MU) is intended to provide locations for most types of land uses allowed in the other zoning districts. Uses in this district should not endanger the public health and safety, not substantially injure the surrounding property values, and be in harmony with the surrounding area. In light of historic development patterns in this district, and in consideration of the significant impact of large scale residential development within Polk County, special provision is made with respect to major subdivisions.

5.4.11 Family Farm (FF).

The family farm district (FF) is intended to provide locations for most types of land uses allowed in the other zoning districts. Uses in this district should not endanger the public health and safety, not substantially injure the surrounding property values, and be in harmony with the surrounding area.

5.4.12 Agricultural Residential Very Low Density (AR-5)

The agricultural-residential/very low-density district (AR-5) is intended to provide areas for general farming purposes (including agriculture, horticulture and forestland), support of farming activities, and very low-density residential purposes. The district consists primarily of rural residential properties with acreage and individual/family farming operations, for example, vineyards, orchards, soybeans, hay and timber production; beef, goat, pig, dairy and horse farms and stables; and small specialty farms such as produce gardening, flower/nurseries and beekeeping. This district is intended to protect from scattered and uncoordinated development, particularly higher-density, suburban-type subdivisions that are typically incompatible with farming activities (for reasons such as traffic, water demands, and objections to the noises, smells, hours and machinery of farming), and to discourage any use that because of its size or character would create unusual requirements and costs for providing public services such as water supply, refuse and sewerage disposal. The district is not intended to attract or support major agri-businesses such as corporate pig or poultry farming, cattle feed lots or fertilizer manufacturing plants. The district does allow small businesses, non-intrusive to neighboring properties, to be conducted on a resident's property; examples would include artist/craft studio; research/writing/transcription; farrier; carriage supply sales; acupuncture/massage; accounting; woodworking; technology/web design. Uses in this district should not endanger the public health and safety, not substantially injure the surrounding property values, and be in harmony with the surrounding area.

5.4.13 Mobile Home Overlay (MHO)ⁱ

The mobile home overlay zoning classification (MHO) is intended to provide a means for homeowners to provide housing for family members on the lot on which the homeowners' home is located. A medical hardship, as specified in Section 4.2 of this Ordinance, is not necessary in order for a mobile home to be situated on a lot located within an MHO district. MHO districts are an overlay zone, affecting the underlying zoning district only as stated herein.

5.4.13.1 Uses Authorized. The uses authorized in an MHO district, including permitted uses, permitted uses with conditions, and special uses, shall be the same as for the underlying zoning district(s) with one exception: accessory mobile homes shall be permitted as special uses subject to the standards contained herein.

5.4.13.2 Development Standards. Dimensional and other development standards shall be the same as for the underlying zoning district(s) except as modified herein.

5.4.13.3 Special Use Permits. Special use permits shall be limited to a specific hardship relating to a specific primary resident of the accessory mobile home. If the identity of that primary resident of the accessory mobile home or the nature of his or her hardship changes, a new special use permit shall be necessary to continue use of the accessory mobile home. The Board of Adjustment shall issue a special use permit to allow the placement of an accessory mobile home in an MHO district only upon making the following findings:

- a. The lot on which the accessory mobile home is to be placed contains an existing single-family home in which the owner(s) of the lot reside (*resident owner*).
- b. The accessory mobile home is clearly accessory to the existing single-family home on the property; the gross floor area of the accessory mobile home may not exceed 75% of the gross floor area of the existing single-family home.
- c. The accessory mobile home shall have a primary resident who is either a member of the family of the *resident owner* of the existing single-family home or the spouse of a member of such family. The accessory mobile home shall not be used as an income-producing property. For purposes of this section, a person shall be considered a member of the family of the *resident owner* if he or she is within the third degree of kinship, by blood or adoption, computed in accordance N.C.G.S. § 104A-1 (First: parents, children; Second: grandparents, grandchildren, siblings; and Third: great grandparents, great grandchildren, aunts, uncles, nieces, nephews).
- d. A substantial hardship exists which will be alleviated by the placement of the accessory mobile home. This hardship may be financial.
- e. The accessory mobile home shall be situated on the property in such a manner as to minimize its impacts on adjoining property owners.

5.4.13.4 *Revocation of a Special Use Permit.* The Board of Adjustment may revoke a special use permit issued for placement of an accessory mobile home in an MHO district on the following grounds:

- a. The primary resident identified in the application for a special use permit no longer resides in the home.
- b. The hardship identified in the application for a special use permit no longer exists.
- c. Any other violation of the terms of the special use permit or the special use standards contained herein.

5.4.13.5 *Additional Responsibilities of the Resident Owner.* The *resident owner* shall have the following additional responsibilities with regard to an accessory mobile home:

- a. Record in the Office of the Register of Deeds the special use permit before a building permit may be issued.
- b. File an annual report with the Planning Department on forms provided by the County indicating the status of the accessory mobile home. This report shall be in the form of an affidavit swearing to the truth of the matters contained therein.
- c. Remove the accessory mobile home within 90 days of the following:
 - 1) The accessory mobile home no longer serves as the residence for a family member of the *resident owner*.
 - 2) Revocation of the special use permit authorizing the accessory mobile home.

5.4.14 Equestrian (E).

The Equestrian district is intended to provide locations for most types of land uses allowed in the other zoning districts, including, without limitation, residential uses (including but not limited to clustered developments and group developments), show and event uses, commercial uses, and other uses consistent with and beneficial to the orderly development of mixed-use equestrian communities and/or resorts. Uses in this district are intended (i) to create, preserve, maintain, and enhance equestrian community and/or resort developments in Polk County; (ii) to preserve, maintain, and enhance the lifestyle and activities associated with equestrian community and/or resort developments; and (iii) to identify and encourage the types of land uses that are supportive of mixed-use developments with such equestrian character.

5.4.15 Equestrian Village (EV) ^{xiv}.

The Equestrian Village district is intended to provide locations for most types of land uses allowed in the Equestrian District, including, but not limited to, multi-family residential uses, show and events uses, commercial uses and other uses consistent with and beneficial to the orderly development of mixed-use equestrian communities and/or resorts and particularly those consistent with mixed-use village and resort developments. Uses in this district are intended (i) to create, preserve, maintain and enhance equestrian community and/or resort developments in Polk County; (ii) to preserve, maintain and enhance the lifestyle and activities associated with an equestrian community and/or resort developments; and (iii) to identify and encourage the types of land uses that are supportive of mixed-use developments with such equestrian character.

5.4.16 Government and Public Facilities District (GPF) ^{xvi}

Government and Public Facilities District is intended to accommodate public, quasi-public, and institutional facilities. It is intended for offices, storage, and other facilities for the operation of local, state, or federal government.

Section 6.1 Reserved for Future Purposes

Section 6.2 Other Restrictions

6.2.1 Churches and clubs (public or private) provided they are located not closer than fifty (50) feet from any property line with required off-street parking spaces and separated from side and rear property lines by a planted buffer strip at least ten (10) feet in width. The buffer strip shall be composed of two staggered rows of evergreen shrubs or sheared evergreen trees so that an effective screen year-round is present.

6.2.2 Clubs, public or private, provided they are located not closer than fifty (50) feet from any property line with required off-street parking spaces and separated from side and rear property lines by a planted buffer strip at least ten (10) feet in width. The buffer strip shall be composed of two staggered rows of evergreen shrubs or sheared evergreen trees so that an effective screen year-round is present.

6.2.3 Guest house, provided that it shall be placed according to applicable setbacks from any property line and provided that not more than one (1) such facility shall be permitted on any lot. A guest house meeting these requirements may be situated on the same lot as a single family residence.

6.2.4 Nonprofit private equestrian courses, nature centers and recreational facilities, provided that the parcel of land proposed for development shall contain no less than two hundred (200) acres; all structures shall be so placed as not to be closer than three hundred (300) feet from any property line; activities proposed shall in no way have deleterious affects (such as, but not necessarily limited to noise, excess traffic and other effects that go beyond the property line) on adjoining RE-2 and RE-5 developments; the parcel shall be so located as to provide for ingress and egress from the site directly onto a major thoroughfare having an existing or planned right-of-way at least sixty (60) feet in width and shall in no way traverse single-family subdivisions.

6.2.5 Private stable for not more than one (1) horse on a lot or parcel at least two (2) acres in area; and provided further, that for each additional horse stabled thereon, an additional contiguous two (2) acres of land shall be provided. In no instance shall a horse be stabled nearer than seventy-five (75) feet to any property line abutting an existing residence.^{xxv}

The RE-5 districts also allow for horse farms, including the boarding of horses and the extension of on-site riding lessons, provided any stable, barn, or structure required be setback at least three hundred (300) feet from all abutting residentially zoned land.

6.2.6 Provided all structures shall be set back at least thirty (30) feet from the property line and all exposed apparatus shall be safely enclosed and landscaped.

6.2.7 Only when associated with a church.

6.2.8 Provided all state and/or county regulations are met.

6.2.9 Animal shelters and kennels owned by non-profit corporations that serve the needs of the county and its citizens.

6.2.10 *Solar Energy Generating Facilities.*^{vii} Solar energy generating facilities shall be subject to the following restrictions.

6.2.10.1 All solar energy generating facilities shall require approval from all applicable state and federal agencies as well as the affected energy provider.

6.2.10.2 Placement of solar energy generating equipment shall be based on preserving existing site features to the extent practical.

6.2.10.3 Solar energy generating facilities are exempt from parking requirements if there is not a building component.

6.2.10.4 Perimeter setback requirements shall be a minimum of forty (40) feet from property lines and not closer than two hundred (200) feet of any residence other than that of the property owners. Necessary ingress and egress from vehicles and utility and transmission lines may be located within the perimeter setback. Fences may not encroach into the setbacks.

6.2.10.5 Freestanding solar energy generating facilities shall be a maximum of twelve (12) feet in height as measured from the grade at the base of the structure (panel) to the apex of the structure (panel). Freestanding solar energy facilities shall not be visible from the interstate highways, US highways or scenic by-ways as designated by the North Carolina Department of Transportation or Polk County.

6.2.10.6 No more than 75% of a solar energy generating facility tract of property may be covered with panels (i.e. 20 acre tract required if 15 acres of panels to be installed.)

6.2.10.7 Copies of any lease agreement and plan for removal of facility/equipment shall be provided to Polk County.

6.2.10.8 Glare resistant solar panels shall be used in all applications.

6.2.10.9 Rooftop solar energy generating facilities should not be considered as rooftop equipment on any building type and therefore, does not require screening.

6.2.10.10 All solar energy generating facilities shall be completely enclosed with a six (6) feet high:

- (a) Black or green chain link fence or
- (b) Masonry wall or
- (c) Wooden fence that contains spacing no greater than six (6) inches.

If the solar energy generating facility is within two hundred (200) feet of a residence other than that of the property owners, a chain link fence is required with vegetation screening.

6.2.10.11 Lighting mitigation is required.

6.2.10.12 Solar energy generating facilities shall be maintained in good working condition and be free from debris and nuisances. When the facilities are no longer utilized for energy generation for a period of six (6) months or longer, the property owner shall have the panels and switch gear removed.

6.2.11 *Equestrian centers & facilities, multi-discipline.* Equestrian centers & facilities, multi-discipline may be allowed pursuant to the use tables in Article VI, provided:

6.2.11.1 All buildings and accessory buildings (permanent or temporary) used or intended for “Equestrian centers & facilities, multi-discipline” uses (as opposed to buildings and accessory buildings for uses permitted in Multiple Use Districts) shall be placed so as to be at least one hundred feet (100') from any property line; and

6.2.11.2. The parcel shall be so located as to provide for ingress and egress from the site directly onto a major thoroughfare having an existing or planned right-of-way at least sixty (60) feet in width and shall in no way traverse any single-family subdivisions, except single-family subdivisions within the “Equestrian” district.

6.2.12 *Heliports.* Heliports may be allowed pursuant to the use tables provided in this Article, subject to the following restrictions:

6.2.12.1 The Heliport shall comply with all applicable Federal Aviation Administration aircraft operation requirements.

6.2.12.2 The Heliport shall be used for the operation of helicopters for emergency, medical, public safety, and transportation purposes.

6.2.12.3 The Heliport shall not be used to provide prospective lot purchasers “flyover” views, for any other real estate promotional or real estate marketing purposes, or for sight-seeing tours.

6.2.12.4 All helicopters traveling to or from the Heliport shall, to the fullest extent practicable, travel along the air corridors above Interstate I-26 or U.S. Highway 74 while traveling in Polk County airspace.

6.2.12.5 The hours of operation for the Heliport shall be limited to 7 a.m. to 10 p.m. The limitation on the hours of operation shall not be applicable to emergency, medical, fire or law enforcement services.

6.2.13 *Spectator Sport Facility.* Spectator sport facilities, whether accommodating less than 500 spectators or accommodating 500 or more spectators, may be allowed pursuant to the use table provided in this article. Uses permitted with conditions shall be subject to the following restrictions:

6.2.13.1 Lighting for outdoor spectator sport facilities shall meet the following standards:

- a) Lighting installations shall be designed to achieve an average level no greater than the minimal illuminance levels for the activity as recommended by the Illuminating Engineering Society of North America (IESNA).
- b) Lighting used to illuminate the surface shall be turned off by 11:30 pm.

c) Lighting shall be designed by a lighting professional having experience with lighting installations.

d) There shall be no maximum or minimum height restrictions relating to lighting installations on towers as defined by the Zoning Ordinance.

e) Commercial lighting in any stadium will employ engineered lighting which will mitigate spillover and direct lighting into the stadium area.

6.2.13.2 Spectator Sports Facility shall not include motorized sports.

6.2.14 *Recreational Vehicle & Travel Trailer Parks, Service & Camp Areas.* Recreational vehicle & travel trailer parks, service & camp areas may be allowed pursuant to the use tables provided in this Article. Uses permitted with conditions shall be subject to the following restrictions:

6.2.14.1 Maximum of 15 units per acre

6.2.14.2 10% common space required

6.2.14.3 No site/space lease or continuous rental thereof shall exceed 6 months.

6.2.14.4 A 100 foot setback shall be required along property lines where the RV/Camp area meets or adjoins properties not owned by the Developer. The setback established pursuant to this section shall contain an earthen berm at least 2 feet high, with a minimum crown of 2 feet and a width to height ratio of no greater than 2:1, shrubs shall be planted on top of the berm that will attain a height of at least 72” within 4 years of installation and shall be planted 30” apart. In lieu of installing an earthen berm, Developer may utilize any natural berms, provided that any such natural berm meets or exceeds the criteria of this section.

6.2.14.5 Quiet hours shall be observed from 11 p.m. to 7 a.m.

6.2.14.6 All internal streets within RV/camp area shall be surfaced with a minimum of six inches of compacted stone and shall be maintained in a smooth, well-graded condition. All internal roads shall be capable of supporting the imposed load of fire apparatus in accordance with the Fire Apparatus Roads Standards in the North Carolina Fire Code.

6.2.14.7 Water – an accessible, adequate, safe and potable supply of water shall be required.

6.2.14.8 Sewer/Septic – approval by the Polk County Health Department shall be required for any installation, alteration or use of a sewage disposal system.

6.2.15 *Reserved for Future Purposes.*

6.2.16 *Recreational Vehicle.*^{xv}

6.2.16.1 *Recreational Vehicle in Zoning Districts - E, EV, AR, HC, MU and FF zoning districts.*

(1) One per parcel, provided:

- a. the recreational vehicle has a valid operational permit from the Health Department for water and a wastewater disposal system, and connected to the wastewater disposal system,
 - b. the recreational vehicle is ready for highway use (defined as: fully licensed, own wheels or jacking system, attached to the site only by quick disconnect utilities, with no permanently attached additions, and has a current license plate, if applicable),
 - c. apply for a zoning permit that is required to be renewed annually; or
- (2) One per parcel during the construction of personal residence provided: ^{xxv}
- a. the recreational vehicle is ready for highway use as defined above and has a valid operational permit from the Health Department for water and a wastewater disposal system, and connected to the wastewater disposal system,
 - b. the owner has a valid residential building permit for the parcel upon which the recreational vehicle is located,
 - c. apply for a zoning permit that is required to be renewed annually; or
- (3) One per parcel while stored upon the owner's property on which there is a residence built and is utilized for the owner's personal use; or
- (4) In recreational vehicle and travel trailer parks or service and camp areas.

6.2.16.2 Recreational Vehicle in Zoning Districts RE1, RE2, RE5, R, MR, NC, I and AR5 zoning districts:

One per parcel while stored upon the owner's property on which there is a residence built and utilized for the owner's personal use.

Article VII. Dimensional Requirements

Section 7.1 General Provisions^{xxv}

- A. Along each property line which is adjacent to a residential district, the property owner or developer shall place and maintain a buffer strip fifteen (15) feet wide upon which shall be planted an evergreen screen hedge to provide appropriate screening against noise, glare, fumes, dust, and other harmful effects. The buffer strip may utilize existing evergreen vegetation.
- B. All lots identified in a watershed must also meet the requirements of the Polk County Watershed Ordinance.
- C. All new lots shall meet the requirements of *Subdivision Ordinance* except that the minimum lot sizes shall meet the dimensional requirements in the table below.
- D. It is not permitted to average the lot areas to meet the minimum lot areas established in this Article. However, Cluster Developments shall be allowed in accordance with the Subdivision Ordinance, so long as the maximum density shall be equal to one dwelling unit per the minimum lot size listed in the dimensional table below. For example, if the minimum lot size is 43,560 square feet (1 acre), then the maximum density is one unit per acre.

Section 7.2 Dimensional Table^{xxv}

*These requirements also apply to existing nonconforming lots in the AR5 district.

¹Any major subdivision of land in this category (as major subdivision as defined in the Subdivision Ordinance), shall subject all such subdivided land to the minimum lot area requirements and all other requirements for major subdivisions as set forth in the Subdivision Ordinance. (All references to the Subdivision Ordinance shall refer to the Subdivision Ordinance as the same may be amended from time to time.)

²For the purposes of Max. Building Heights for equestrian centers or facilities, multi-discipline, height shall be the vertical distance from the highest finished-grade ground level within 25 feet of the structure to the highest point on the structure.

³For the purposes of Max. Building Height for a building in the Equestrian Village (EV) District, the height shall be measured from the main floor to the highest eave of the building.^{xiv}

⁴All lots and units in an Equestrian Village (EV) District shall have both public water and public sewer. The Min. Lot Size (density) in the Equestrian Village (EV) District shall be measured by the average density of living units per acre within the area in each site specific plan, without regard to the ownership of lots or units within that area. For the purposes of the Min. Lot Size (density) in the Equestrian Village (EV) District, the total number of living units in an Equestrian Village Development shall be that number calculated by adding (i) the number of all multi-family residential units to (ii) one-half the sum of all Bed & Breakfast guestrooms plus all Motel & hotel guestrooms. A minimum of 15% of the total area within the Equestrian Village (EV) district shall be Open Space dedicated on a recorded site specific plan.^{xiv}

Section 7.3 Group Development^{xxv}

In the case of two (2) or more principal buildings to be constructed on a plot of ground of at least two (2) acres not subdivided into the customary streets and lots and which will not be so subdivided, the application of the terms of this ordinance may be waived by the county Zoning Administrator in a manner that will be in harmony with the character of the neighborhood, provided:

7.3.1 Such uses are limited to those permitted within the zoning district in which the project is located. In no case shall the board authorize a use prohibited in the district in which the project is to be located.

7.3.2 The overall intensity of land use is no higher and the standard of open space is no lower than that permitted in the district in which the project is located.

7.3.3 The distance of every building from the nearest property line shall meet the front yard setback, rear yard setbacks, and side yard setback requirements of the district in which the project is located.

7.3.4 The building heights do not exceed the height limits permitted in the district in which the project is located.

7.3.5 All sanitation and utility services shall be reviewed by and approved by the county sanitarian/ Environmental Health.

7.3.6 A design plan showing how the requirements of Subsection[s] 7.3.1-7.3.5 will be met is submitted along with the application for a group development. The procedure for approval of group development plans shall consist of the submission of a design plan showing the proposed layout, including the location of buildings, driveways, off-street parking spaces and recreation areas, etc., to the Zoning Administrator for study and final approval.

Section 7.4 Equestrian Village Development^{xiv, xxii}

A plan showing the layout of the proposed buildings and internal roads of an Equestrian Village Development shall be reviewed by the Zoning Administrator. At the time of such review, the property owner or the developer shall also submit to the Zoning Administrator documentation from the North Carolina Department of Transportation approving the site's access to the public road; documentation from the public water and public sewer utilities or service providers confirming that there is sufficient capacity to service the proposed development; documentation from the Fire Marshal approving the access to and the layout of the proposed Development; and documentation from the Emergency Management Director confirming adequate public safety facilities and services exist, or can be reasonably provided to serve the needs of the proposed use. After approval by the Zoning Administrator, the plan shall be recorded in the Office of the Register of Deeds of Polk County, North Carolina.

Section 7.5 Equestrian District Development^{xxii}

At the time of review of development, the property owner or the developer shall also submit to the Zoning Administrator documentation from the North Carolina Department of Transportation approving the site's access to the public road; documentation from the public water and public sewer utilities or service providers confirming that there is sufficient capacity to service the proposed development; documentation from the Fire Marshal approving the access to and the layout of the proposed Development; and documentation from the Emergency Management Director confirming adequate public safety facilities and services exist, or can be

reasonably provided to serve the needs of the proposed use. These requirements do not apply to single family residential.

Article VIII. Nonconforming Situations.^{xxv}

Section 8.1 Purpose

The purpose of this Article is to avoid undue hardship by permitting the continued use of any building, structure, or property that was lawful at the time of the enactment of this Ordinance or any applicable amendment thereof even though such use, structure or property does not conform to the provisions of this Ordinance. Any nonconformity created by an establishment or change in the zoning districts or text of these regulations shall be regulated by the provisions of this Article. This Article is also established to require that non-conforming situations be terminated under certain circumstances.

Section 8.2 Extension or Enlargement of Nonconforming Situations

- A. Except as specifically provided in this Section, no person may engage in any activity that causes an increase in the extent of nonconformity of a nonconforming situation.
- B. A nonconforming use may be extended through any portion of a completed building that, when the use was made nonconforming by this Ordinance, was manifestly designed or arranged to accommodate such use. However, a nonconforming use may not be extended to additional buildings or to land outside the original building.
- C. A nonconforming use may not be extended to cover more land than was occupied, or manifestly designed and arranged to be occupied, by that use when it became nonconforming. Per Subsection 8.2(G) below, nothing herein shall prevent the reconstruction, replacement, or expansion of a single-family dwelling unit that is nonconforming as to use.
- D. The volume, intensity, or frequency of use of property where a non-conforming situation may be changed if these or similar changes amount only to changes in the degree of activity rather than changes in kind and no violations of other paragraphs of this Article occur.
- E. Physical alteration of nonconforming structures or structures containing a nonconforming use is unlawful if it results in:
 - 1) An increase in the total amount of space devoted to a non-conforming use;
 - 2) Greater non-conformity with respect to dimension restrictions such as yard requirements, height limitations, or density requirements; and
 - 3) The enclosure of previously unenclosed areas, even though those areas are or were used in connection with the nonconforming activity.
- F. Minor repairs to and routine maintenance of property where nonconforming situations exist are permitted and encouraged. Major renovations—work estimated to cost more than ten percent but less than 60 percent of the taxed value of the structure to be renovated—may be done provided that the work will not result in a violation of any other paragraph in this Article. In no case, however, shall work costing more

than 60 percent of the taxed value of the structure be done, singularly or cumulatively, within any five-year period.

- G. Any structure used as a single-family dwelling unit and maintained as a nonconforming situation may be constructed, enlarged, or replaced, so long as the enlargement or replacement does not create new nonconformities or increase the extent of existing nonconformities with respect to such matters as setback and parking requirements. Nothing herein shall prevent the maintenance, repair, extension or construction of a residential accessory building or swimming pool, provided it is done in the conformance with the requirements of this Ordinance.

Section 8.3 Nonconforming Lots of Record

Where the owners of a legally existing lot of record at the time of the adoption of this Ordinance or his successor in title thereto does not own sufficient land to enable him to conform to the area or lot width requirements of this ordinance, such lot may be used as a building site provided all other dimensional and use requirements are met. This Section applies only to undeveloped nonconforming lots. A lot is undeveloped if it has no substantial structures upon it.

Section 8.4 Re-establishment of a Nonconforming Situation Prohibited

- A. If a nonconforming use is abandoned for a period of one year or more, the use shall not be allowed to re-establish. All new uses in said structure shall thereafter be conforming.
- B. Any nonconforming building or structure or any building or structure containing a nonconforming use for which major repair or reconstruction is proposed in any amount equal to 60 percent or more of the taxed value of the building or structure or which has been damaged by any cause to an extent equal to 60 percent or more of its taxed value shall only be repaired and/or constructed and used as a conforming structure and a conforming use.
- C. Per Subsection 8.2(G) above, nothing herein shall prevent the reconstruction or replacement of a single-family dwelling unit that is nonconforming as to use.

Section 8.5 Nonconforming Uses

- A. A nonconforming use may be changed to a conforming use. Thereafter, the property may not revert back to a nonconforming use.
- B. A nonconforming use shall not be changed to another nonconforming use nor shall a nonconforming structure be replaced after it has been destroyed except upon approval by the Board of Adjustment.
- C. If a nonconforming use and a conforming use, or any combination of nonconforming uses exist on one lot, the use made of the property may be changed only to a conforming use.
- D. Conforming uses may be established or re-established in nonconforming buildings or structures provided that off-street parking is provided as required by this Ordinance and provided no other provisions of this Ordinance for the establishment of new uses is violated.

Article IX. Administration and Enforcement. ^{xxv}

Conflicts of Interest:

(a) Governing Board - A governing board member shall not vote on any legislative decision regarding a development regulation adopted pursuant to this Chapter where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. A governing board member shall not vote on any zoning amendment if the landowner of the property subject to a rezoning petition or the applicant for a text amendment is a person with whom the member has a close familial, business, or other associational relationship.

(b) Appointed Boards - Members of appointed boards shall not vote on any advisory or legislative decision regarding a development regulation adopted pursuant to this Chapter where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. An appointed board member shall not vote on any zoning amendment if the landowner of the property subject to a rezoning petition or the applicant for a text amendment is a person with whom the member has a close familial, business, or other associational relationship.

(c) Administrative Staff - No staff member shall make a final decision on an administrative decision required by this Chapter if the outcome of that decision would have a direct, substantial, and readily identifiable financial impact on the staff member or if the applicant or other person subject to that decision is a person with whom the staff member has a close familial, business, or other associational relationship. If a staff member has a conflict of interest under this section, the decision shall be assigned to the supervisor of the staff person or such other staff person as may be designated by the development regulation or other ordinance.

No staff member shall be financially interested or employed by a business that is financially interested in a development subject to regulation under this Chapter unless the staff member is the owner of the land or building involved. No staff member or other individual or an employee of a company contracting with a local government to provide staff support shall engage in any work that is inconsistent with his or her duties or with the interest of the local government, as determined by the local government.

(d) Quasi-Judicial Decisions - A member of any board exercising quasi-judicial functions pursuant to this Chapter shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons' constitutional rights to an impartial decision maker. Impermissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter.

(e) Resolution of Objection - If an objection is raised to a board member's participation at or prior to the hearing or vote on a particular matter and that member does not recuse himself or herself, the remaining members of the board shall by majority vote rule on the objection.

(f) Familial Relationship - For purposes of this section, a "close familial relationship" means a spouse, parent, child, brother, sister, grandparent, or grandchild. The term includes the step, half, and in-law relationships.

Section 9.1 Zoning Administrator

To provide the general administration, interpretation and enforcement of this ordinance the Polk County Board of Commissioners shall appoint a Zoning Administrator who will be directly responsible to, and report periodically, to the Board.

It is the intent of this ordinance that all questions relative to its general administration, interpretation and enforcement shall be presented to the Zoning Administrator. Appeal from his determinations and decisions shall be made to the Board of Adjustment. Further recourse shall be taken to the courts as established by law. It is also the intent of this ordinance that the county commissioners shall not hear or pass on disputed questions

of interpretations or enforcement of it. The duties of the county commissioners in connection with this ordinance shall only include those related to the calling and holding of public hearings and voting upon any proposed amendments to or repeal of this ordinance, as provided by law.

If the Zoning Administrator finds that any of the provisions of this ordinance are being violated, he shall notify in writing the person responsible for such violations, indicating the nature of the violation and ordering the action necessary to correct it. He shall order discontinuance of the illegal use of land, buildings or structures; removal of illegal buildings or structures or of additions, alterations or structural changes thereto; discontinuance of any illegal work being done; or shall take any other action authorized by this ordinance to ensure compliance with, or to prevent violation of its provisions.

If a ruling of the Zoning Administrator is questioned, the aggrieved party or parties may appeal such ruling to the Board of Adjustment in accordance with Section 10.4 below.

Section 9.2 Certificate of zoning compliance required.

No buildings, or other structures shall be erected, moved, added to, or structurally altered until a certificate of zoning compliance has been issued by the Zoning Administrator. No certification of zoning compliance shall be issued except in conformity with the provisions of this ordinance.

Section 9.3 Application for certificate of zoning compliance.

All applications for certificate of zoning compliance shall be accompanied by two (2) sets of plans showing the dimensions and shape of the parcel to be built upon, the exact sizes, uses and locations on the parcel of buildings already existing, if any, and the locations, dimensions and uses of the proposed buildings or alterations. The application shall include such other information as may be necessary to determine conformance with and provide for the enforcement of this ordinance. A fee shall be charged for the processing of each such application. In addition, any other information called for on the application form shall also be included.

Section 9.4 Health department approval of water supply and sewage disposal facilities.

The zoning administrator shall not issue a certificate of zoning compliance for any use, building or purpose proposed for a location outside of any incorporated municipality without written approval of any and all needed or proposed water supply and sewage disposal facilities from the county sanitarian. Issuance and use of a certificate of zoning compliance shall be subject to all terms and qualifications imposed by the county sanitarian.

Section 9.5 Certificate of occupancy required.

A certificate of occupancy issued by the Zoning Administrator is required in advance of:

1. Occupancy or use of a building hereafter erected, altered or moved.
2. Change of use of any building or land.

A certificate of occupancy, either for the whole or a part of a building shall be applied for coincident with the application for a certificate of zoning compliance and shall be issued within ten (10) days after the erection or structural alteration of such building or part shall have been completed in conformity with the provision of

this ordinance. A certificate of occupancy shall not be issued unless the proposed use of a building or land conforms to the applicable provisions of this ordinance. If the certificate of occupancy is denied, the Zoning Administrator shall state in writing the reasons for refusal and the applicant shall be notified of the refusal. A record of all certificates shall be kept on file in the office of the Zoning Administrator and copies shall be furnished on request to any person having a proprietary or tenancy interest in the building or land involved.

Section 9.6 Fees.^v

The Board of Commissioners shall adopt and periodically update a schedule of fees for application and processing as specified in this ordinance.

Section 9.7 Zoning violations.

Any of the following shall be a violation of this ordinance and shall be subject to the enforcement remedies and penalties provided herein and by North Carolina State Law.

9.7.1 *Development without permit.* To engage in any development, site preparation, use, demolition, construction, remodeling, or other activity of any nature upon land or improvements thereon subject to the jurisdiction of this ordinance without all required permits, certificates, or other forms of authorization as set forth in this ordinance.

9.7.2 *Development inconsistent with permit.* To engage in any development, site preparation, use, demolition, construction, remodeling, or other activity of any nature in any way inconsistent with any approved plan, permit, certificate, or other form of authorization granted for such activity.

9.7.3 *Violation by act of omission.* To violate, by act of omission, any term, variance, modification, condition, or qualification placed by the Board of Commissioners or its agent boards upon any required permit, certificate, or other form of authorization for the use, development, or other activity upon land or improvements thereon.

9.7.4 *Use in violation.* To erect, construct, reconstruct, alter, repair, convert, maintain, or use any building or structure, or to use any land, or to conduct any activity in violation or contravention of this ordinance or any other regulation made under the authority conferred thereby.

9.7.5 *Continue a violation.* To continue any of the above violations is a separate and distinct offense.

Section 9.8 Inspections and investigations.

9.8.1 *Inspections.* The Zoning Administrator shall have the right upon presentation of proper credentials, or inspection warrant if necessary, to enter on any premises within the planning jurisdiction of the County at any reasonable hour for the purposes of inspection, determination of plan compliance, or other enforcement actions under this ordinance and state law.

9.8.2 *Investigations.* The Zoning Administrator shall have the power to conduct such investigations as he or she may reasonably deem necessary to carry out their duties as prescribed in this ordinance and, for this purpose, to enter at reasonable times upon any property, public or private, for the purpose of investigating and inspecting the sites of any complaints or alleged violations of this ordinance.

9.8.3 Supporting documentation. The Zoning Administrator shall have the power to require written statements, certificates, certifications, or the filing of reports with respect to pertinent questions relating to complaints or alleged violations of this ordinance.

9.8.4 Administrative search warrants. No person shall obstruct, hamper or interfere with the Zoning Administrator while carrying out his or her official duties. If the owner or occupant of any property refuses to permit inspections or otherwise obstructs an investigation or other actions of the Zoning Administrator in the performance of his or her duties, the Zoning Administrator shall proceed to obtain an administrative search warrant pursuant to G.S. 15-27.2 or its successor.

Section 9.9 Enforcement procedures.

9.9.1 Notify the owner or occupant of violation. When the Zoning Administrator becomes aware of a violation of this ordinance, it shall be his or her duty to notify the owner or occupant of the land, building, structure, or use of the violation. The owner or occupant shall promptly remedy the violation.

9.9.2 Notice of violation. If the owner or occupant of the land, building, structure, or use in violation fails to take prompt corrective action, the Zoning Administrator shall give the owner or occupant written notice (by certified or registered mail to his last known address, by personal service, or by posting notice conspicuously on the property) of the following:

- A. That the activity, land, building, structure, or use is in violation of this ordinance;
- B. The nature of the violation, and citation of the section(s) of this ordinance violated;
- C. The measures necessary to remedy the violation; and
- D. Mechanisms available to appeal the decision of the Zoning Administrator.

9.9.3 Appeal. Any owner or occupant who has received a notice of violation may appeal in writing the decision of the Zoning Administrator to the Board of Adjustment in accordance with Section 10.4 below.

9.9.4 Notice of decision. The decision of the Board of Adjustment may be delivered to the aggrieved party either by personal service or by registered mail, certified mail return receipt requested, or by posting notice conspicuously on the property. Such notice of decision shall inform the recipient of the timeframe within which compliance shall be required, and the remedies available to the County as provided by state law and this Ordinance.

9.9.5 Failure to comply with notice of violation, notice of intent, and decision of the board of adjustment. If the owner or occupant of a property fails to comply with a notice of violation from which no appeal has been taken, or a final decision by the Board of Adjustment following an appeal, the owner or occupant shall be subject to such remedies and penalties as may be provided for by state law or by Section 9.7

Section 9.10 Remedies.

Any or all of the following procedures may be used to enforce the provisions of this ordinance.

9.10.1 Injunction. Any violation of this ordinance or of any condition, order, requirement, or remedy adopted pursuant hereto may be restrained, corrected, abated, mandated, or enjoined by other appropriate proceedings pursuant to state law.

9.10.2 Civil penalties. Any person who violates any provision of this ordinance shall be subject to the assessment of a civil penalty under the procedures provided in Section 9.13.

9.10.3 Denial of permit, application or certificate. The Zoning Administrator shall withhold or deny any permit, application, certificate, or other authorization on any land, building, structure, or use in which there is an uncorrected violation of a provision of this ordinance, or of a condition or qualification of a permit, certificate, or other authorization previously granted.

9.10.4 Special use permit or temporary certificate. The Zoning Administrator may condition the authorization of any permit or certificate upon the correction of the deficiency, payment of civil penalties within a specified time, or the posting of a compliance security bond approved by Zoning Administrator.

9.10.5 Stop work orders. Whenever any land disturbing activity is commenced and/or a building, structure, or part thereof is being constructed, reconstructed, altered, or repaired in violation of this ordinance, the Zoning Administrator may order the work to be immediately stopped. The stop work order shall be in writing and directed to the owner, occupant, or person doing the work. The stop work order shall state the specific work to be stopped, the specific reasons for the stoppage, and the conditions under which the work may be resumed. Such action shall be in accordance with the applicable North Carolina Building Code.

9.10.6 Revocation of permits or certificates. The Zoning Administrator may revoke and require the return of a permit or certificate by notifying the permit holder in writing, stating the reason for the revocation. Permits or certificates shall be revoked for any of the following: substantial departure from the approved application, plans, or specifications; refusal or failure to comply with the requirements of state or local laws; or for false statements or misrepresentations made in securing the permit or certificate. Any permit or certificate mistakenly issued in violation of an applicable state or local law may also be revoked.

9.10.7 Criminal penalties. Violations of this ordinance shall not constitute a Class 1 Misdemeanor as provided by NCGS 14-4 but shall be civil in nature only.

Section 9.11 Civil penalties - Assessments and procedures.

9.11.1 Responsible parties. The owner or occupant of any land, building, structure, use of land, or part thereof, and any architect, builder, contractor, agent, or other person who participates or acts in concert, assists, directs, creates, or maintains any condition that is in violation of this ordinance may be held responsible for the violation and subject to the civil penalties and remedies provided herein.

9.11.2 Notice. No civil penalty shall be assessed until the person alleged to be in violation has been notified in accordance with Section 9.9. If after receiving a notice of violation under Section 9.9, the owner or other violator fails to take corrective action, a civil penalty may be imposed under this section in the form of a citation. The citation shall be served in the same manner as of a notice of violation. The citation shall state the nature of the violation, shall state the civil penalty to be imposed upon the violator, and shall direct the violator to pay the civil penalty within 15 days of the date of the citation.

9.11.3 Continuing violation. For each day the violation is not corrected after the citation is issued, the violator will be guilty of an additional and separate offense and subject to additional civil penalties.

Section 9.12 Other powers and actions.

In addition to other enforcement provisions contained in this Article, the County may exercise any and all enforcement powers granted to it by state law or common law.

Section 9.13 Remedies - Cumulative and continuous.

9.13.1 Cumulative violations. All remedies provided herein shall be cumulative. To the extent that North Carolina law may limit the availability of a particular remedy set forth herein for a certain violation or a part thereof, such remedy shall remain available for other violations or other parts of the same violation.

9.13.2 Repeat violations. If an owner or occupant repeats the same violation within a five year period from the date of the initial violation, it shall be considered to be a continuation of the initial violation and shall be subject to additional penalties and remedies.

9.13.3 Penalties. Any person who violates any provision of this ordinance shall be subject to assessment of a civil penalty in the amount of:

- A. \$50.00 for the first violation;
- B. \$100.00 for the second violation;
- C. \$200.00 for the third violation; and
- D. \$500.00 for the fourth and each succeeding violation.

9.13.4 Demand for payment. The Zoning Administrator shall make written demand for payment upon the owner or the person in violation and shall set forth in detail a description of the violation for which the civil penalty has been imposed.

9.13.5 Nonpayment. If payment is not received or equitable settlement reached within 30 days after demand for payment is made, the matter may be referred to legal counsel to institute a civil action for recovery of the civil penalty.

Article X. Board of Adjustment.^x

Section 10.1 Composition, Term and Qualifications of Members.

This Ordinance provides for the appointment and compensation of a Board of Adjustment consisting of five or more members, each appointed for three years. In the filling of vacancies caused by the expiration of the terms of existing members, the county commissioners shall, if practicable, have at least one resident of each designated zoning area as a member of the Board of Adjustment; otherwise, the provisions of G.S. 153A-25 regarding qualifications for appointive office shall apply to board of appointments. The county commissioners shall appoint and may provide compensation for five^{xxiii} alternate members to serve on the Board in the absence or temporary disqualification of any regular member or to fill a vacancy pending appointment of a member. Alternate members shall be appointed for the same term, at the same time, and in the same manner as regular

members. Each alternate member serving on behalf of any regular member has all the powers and duties of a regular member.

Section 10.2 Duties.

The Board of Adjustment shall hear and decide Special Use Permits, requests for variances, and appeals of decisions of administrative officials charged with enforcement of this ordinance. As used in this section, the term "decision" includes any final and binding order, requirement, or determination. The Board of Adjustment shall follow quasi-judicial procedures when deciding appeals, requests for variances and Special Use Permits. The Board shall hear and decide all matters upon which it is required to pass under any statute or ordinance that regulates land use or development.

Section 10.3 Notice of Hearing.

Notice of hearings conducted pursuant to this article shall be mailed to the person or entity whose appeal, application, or request is the subject of the hearing; to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; to the owners of all parcels of land adjacent to the parcel of land that is the subject of the hearing; and to any other persons entitled to receive notice as provided by the zoning ordinance. In the absence of evidence to the contrary, the county may rely on the county tax listing to determine owners of property entitled to mailed notice. The notice must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same time period, the county shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent street or highway right-of-way.

Section 10.4 Appeals.

The Board of Adjustment shall hear and decide appeals decisions of administrative officials charged with enforcement of the zoning ordinance and may hear appeals arising out of any other ordinance that regulates land use or development, pursuant to all of the following:

- 10.4.1** Any person who has standing under G.S. 160D-1402(c) or the county may appeal a decision to the Board of Adjustment. An appeal is taken by filing a notice of appeal with the County Clerk. The notice of appeal shall state the grounds for the appeal.
- 10.4.2** The official who made the decision shall give written notice to the owner of the property that is the subject of the decision and to the party who sought the decision, if different from the owner. The written notice shall be delivered by personal delivery, electronic mail, or by first-class mail.
- 10.4.3** The owner or other party shall have 30 days from receipt of the written notice within which to file an appeal. Any other person with standing to appeal shall have 30 days from receipt from any source of actual or constructive notice of the decision within which to file an appeal.
- 10.4.4** It shall be conclusively presumed that all persons with standing to appeal have constructive notice of the decision from the date a sign containing the words "Zoning Decision" or "Subdivision Decision" in letters at least six inches high and identifying the means to contact an official for information about the decision is prominently posted on the property that is the subject of the decision, provided the sign remains on the property for at least 10 days. Posting of signs is not the only form of constructive notice. Any such posting shall be the responsibility of the landowner or applicant. Verification of the posting shall be provided to the official who made the decision.

- 10.4.5** The official who made the decision shall transmit to the Board all documents and exhibits constituting the record upon which the action appealed from is taken. The official shall also provide a copy of the record to the appellant and to the owner of the property that is the subject of the appeal if the appellant is not the owner.
- 10.4.6** An appeal of a notice of violation or other enforcement order stays enforcement of the action appealed from unless the official who made the decision certifies to the Board of Adjustment after notice of appeal has been filed that because of the facts stated in an affidavit, a stay would cause imminent peril to life or property or because the violation is transitory in nature, a stay would seriously interfere with enforcement of the ordinance. In that case, enforcement proceedings shall not be stayed except by a restraining order, which may be granted by a court. If enforcement proceedings are not stayed, the appellant may file with the official a request for an expedited hearing of the appeal, and the Board of Adjustment shall meet to hear the appeal within 15 days after such a request is filed. Notwithstanding the foregoing, appeals of decisions granting a permit or otherwise affirming that a proposed use of property is consistent with the ordinance shall not stay the further review of an application for permits or permissions to use such property; in these situations the appellant may request and the Board may grant a stay of a final decision of permit applications or building permits affected by the issue being appealed.
- 10.4.7** Subject to the provisions of subdivision (6) of this subsection, the Board of Adjustment shall hear and decide the appeal within a reasonable time.
- 10.4.8** The official who made the decision shall be present at the hearing as a witness. The appellant shall not be limited at the hearing to matters stated in the notice of appeal. If any party or the county would be unduly prejudiced by the presentation of matters not presented in the notice of appeal, the Board shall continue the hearing. The Board of Adjustment may reverse or affirm, wholly or partly, or may modify the decision appealed from and shall make any order, requirement, decision, or determination that ought to be made. The Board shall have all the powers of the official who made the decision.
- 10.4.9** When hearing an appeal pursuant to G.S. 160D-947(e) or any other appeal in the nature of certiorari, the hearing shall be based on the record below and the scope of review shall be as provided in G.S. 160D-1402(j).
- 10.4.10** The parties to an appeal that has been made under this subsection may agree to mediation or other forms of alternative dispute resolution. The ordinance may set standards and procedures to facilitate and manage such voluntary alternative dispute resolution.

A majority of the members shall be required to decide to determine an appeal made in the nature of certiorari in accordance with Section 10.7 *et seq.* below.

Section 10.5 Special Use Permits.^{xxv}

A Special Use Permit from the Board of Adjustment is required for all special uses. The Board of Adjustment shall hear and decide Special Use Permits in accordance with standards and procedures specified in this ordinance and may issue Special Use Permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified herein and may impose reasonable and appropriate conditions and safeguards upon these permits. Where appropriate, the

conditions may include requirements that street and utility rights-of-way be dedicated to the public and that recreational space be provided.

10.5.1 Application. When a Special Use Permit is required by the terms of this Ordinance, application for such permit, along with a fee established by resolution of Board of Commissioners, shall be made in accordance with this Section. A completed application for a Special Use Permit must be received by the Zoning Administrator at least 30 days prior to the date of a Board of Adjustment meeting in order to be scheduled for such meeting.

10.5.2 Site Plan. The application for a Special Use Permit shall be accompanied by a site plan conforming to the requirements of the Zoning Administrator.

10.5.3 Quasi-Judicial Hearings on Applications for Special Use Permits. Once the Zoning Administrator is in receipt of a complete application and seven copies of a complete site plan, he or she will schedule the application for a public hearing before the Board. The Zoning Administrator shall mail the Notice of Hearing in accordance with Section 10.3 of this Article. The Board of Adjustment shall conduct a quasi-judicial hearing on the application and shall allow any interested party to appear, either in person or by agent or attorney.

10.5.4 Board action on applications for Special Use Permits. After the public hearing, and on consideration of the record, the Board shall take action on the application, either (1) denying it, (2) approving it, or (3) approving it subject to one or more conditions. A majority of the members shall be required to decide an application for a Special Use Permit in accordance with Section 10.7 *et seq.* below. The Board shall not approve an application for a Special Use Permit, with or without conditions, unless it makes each of the following findings of fact:

- (1) the proposed use complies with the standards for such use, if any, contained in this Zoning Ordinance;
- (2) the proposed use will not adversely affect the health or safety of persons residing or working in the neighborhood of such proposed use;
- (3) the proposed use will not be detrimental or injurious to property, property uses or property values, or to public improvements, in the neighborhood of such proposed use; and
- (4) the proposed use is designed and will be operated in such a manner as to be in harmony with the neighborhood in which it is to be located.

10.5.5 Recordation/Effect of Approval. The Special Use Permit shall be filed with the Polk County Register of Deeds by the Clerk to the Board of Adjustment within one month from the date of approval. All Special Use Permits that are granted shall run with the property or structure for which the Special Use Permit is being sought and not with the owner of the property or structure.

Section 10.6 Variances.

When unnecessary hardships would result from carrying out the strict letter of the zoning ordinance, the Board of Adjustment shall vary any of the provisions of the ordinance upon a showing of all of the following:

- (1) Unnecessary hardship would result from the strict application of the ordinance. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property;
- (2) The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance;
- (3) The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance shall not be regarded as a self-created hardship; and
- (4) The requested variance is consistent with the spirit, purpose, and intent of the ordinance, such that public safety is secured, and substantial justice is achieved.

No change in permitted uses may be authorized by variance. Appropriate conditions may be imposed on any variance, provided that the conditions are reasonably related to the variance. Any other ordinance that regulates land use or development may provide for variances consistent with the provisions of this subsection.

10.6.1 Application. When a variance is requested the applicant shall submit a completed application for such permit, along with a fee established by resolution of Board of Commissioners.

10.6.2 Quasi-Judicial Hearings on Applications for Variances. Once the Zoning Administrator is in receipt of a complete application and a complete site plan, he or she will schedule the application for a public hearing before the Board. The Zoning Administrator shall mail the Notice of Hearing in accordance with Section 10.3 of this Article. The Board of Adjustment shall conduct a quasi-judicial hearing on the application and shall allow any interested party to appear, either in person or by agent or attorney.

10.6.3 Board action on applications for variances. After the quasi judicial hearing, and on consideration of the record, the Board shall take action on the application, either (1) denying it, (2) approving it, or (3) approving it subject to one or more conditions. A concurring vote of four-fifths of the Board shall be necessary to grant a variance in accordance with Section 10.7, *et seq.*

10.6.4 Recordation/Effect of Approval. The approved variance shall be filed with the Polk County Register of Deeds by the Clerk to the Board of Adjustment within one month from the date of approval. All variances that are granted shall run with the property or structure for which the variance is being sought and not with the owner of the property or structure.

Section 10.7 Voting.

The concurring vote of four-fifths of the Board shall be necessary to grant a variance. A majority of the members shall be required to decide any other quasi-judicial matter or to determine an appeal made in the nature of certiorari. For the purposes of this subsection, vacant positions on the Board and members who are disqualified from voting on a quasi-judicial matter shall not be considered members of the Board for calculation of the requisite majority if there are no qualified alternates available to take the place of such members.

10.7.1 Recusal.

A member of the Board or any other body exercising quasi-judicial functions pursuant to this Article shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons' constitutional rights to an impartial decision maker. Impermissible conflicts include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter. If an objection is raised to a member's participation and that member does not recuse himself or herself, the remaining members shall by majority vote rule on the objection.

Section 10.8 Quasi-Judicial Decisions and Judicial Review.**10.8.1 *Quasi-Judicial Decisions.***

The Board shall determine contested facts and make its decision within a reasonable time. Every quasi-judicial decision shall be based upon competent, material, and substantial evidence in the record. Each quasi-judicial decision shall be reduced to writing and reflect the Board's determination of contested facts and their application to the applicable standards. The written decision shall be signed by the Chair or other duly authorized member of the Board. A quasi-judicial decision is effective upon filing the written decision with the Clerk to the Board of Adjustment. The decision of the Board shall be delivered by personal delivery, electronic mail, or by first-class mail to the applicant, property owner, and to any person who has submitted a written request for a copy, prior to the date the decision becomes effective. The person required to provide notice shall certify that proper notice has been made.

10.8.2 *Judicial Review.*

Every quasi-judicial decision shall be subject to review by the superior court by proceedings in the nature of certiorari pursuant to G.S. 160D-1402. A petition for review shall be filed with the Clerk of Superior Court by the later of 30 days after the decision is effective or after a written copy thereof is given in accordance with Section 10.8.1 of this subsection. When first-class mail is used to deliver notice, three days shall be added to the time to file the petition.

Section 10.9 Oaths.

The Chair of the Board or any member acting as Chair and the Clerk to the Board are authorized to administer oaths to witnesses in any matter coming before the Board. Any person who, while under oath during a proceeding before the Board of Adjustment, willfully swears falsely is guilty of a Class 1 misdemeanor.

Section 10.10 Subpoenas. ^{xxv}

The Board of Adjustment through the Chair, or in the Chair's absence anyone acting as Chair, may subpoena witnesses and compel the production of evidence. To request issuance of a subpoena, persons with standing under G.S. 160D-1402(c) may make a written request to the Chair explaining why it is necessary for certain witnesses or evidence to be compelled. The Chair shall issue requested subpoenas he or she determines to be relevant, reasonable in nature and scope, and not oppressive. The Chair shall rule on any motion to quash or modify a subpoena. Decisions regarding subpoenas made by the Chair may be appealed to the full Board of Adjustment. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the Board of

Adjustment or the party seeking the subpoena may apply to the General Court of Justice for an order requiring that its subpoena be obeyed, and the court shall have jurisdiction to issue these orders after notice to all proper parties.

Article XI. Amendments

Section 11.1 Procedure.^{xix}

This ordinance, including the zoning map, may be amended from time to time, but no amendment shall become effective unless it shall have been proposed by, or shall first have been submitted to, the Polk County Planning Board for review and recommendation. The planning board shall have thirty (30) days within which to submit its report. If the planning board fails to submit its report within the thirty-day period, it shall be deemed to have approved the proposed amendment prior to adopting or rejecting any zoning amendment, the Board of County Commissioners shall adopt one of the following statements which shall not be subject to judicial review:

- (1) A statement approving the zoning amendment and describing its consistency with the comprehensive plan and explaining why the action taken is reasonable and in the public interest.
- (2) A statement rejecting the zoning amendment and describing its inconsistency with the comprehensive plan and explaining why the action taken is reasonable and in the public interest.
- (3) A statement approving the zoning amendment and containing at least all of the following:
 - a. A declaration that the approval is also deemed an amendment to the comprehensive plan. The Board of County Commissioners shall not require any additional request or application for amendment to the comprehensive plan.
 - b. An explanation of the change in conditions the Board of County Commissioners took into account in amending the zoning ordinance to meet the development needs of the community.
 - c. Why the action was reasonable and in the public interest.

A public hearing shall be held by the Board of County Commissioners before adoption of any proposed amendment to this ordinance. A notice of such public hearing shall be given in accordance with state statutes.

Section 11.2 Planning board study.^{xix}

Every proposed amendment or repeal of this ordinance shall be referred to the planning board for its recommendation and report, provided that no proposal shall be required to be considered by the planning board within ten (10) days from filing of the proposal with the Zoning Administrator. Prior to consideration of a proposed zoning amendment by the Board of Commissioners, the Planning Board shall advise and comment on whether the proposed amendment is consistent with the comprehensive plan. The planning board shall provide a written recommendation to the Board of Commissioners that addresses plan consistency and other matters as deemed appropriate by the Planning Board. Each application shall be signed and shall contain at least the following information:

- a. The applicant's name in full, applicant's address, address or description of the property to be zoned or rezoned. When instituting a zoning change, the applicant must pay all advertising and mailing costs incurred by the County.
- b. Applicant's interest in the property and the type of zoning or rezoning requested.
- c. If the proposed change would require a change in the zoning map, an accurate diagram of the property proposed for rezoning showing:

- 1) All property lines with dimensions and directions shown on the map as north, east, west, and south (north arrow);
 - 2) Adjoining streets with rights-of-way and paving widths;
 - 3) The location of all structures, the use of all land;
 - 4) Zoning classification of all abutting zoning districts, the names and addresses of current abutting property owners;
 - 5) Comprehensive site plan if the application is for commercial, industrial, multifamily or mobile home developments.
- d. A statement regarding the changing conditions, if any, in the area or in the county generally, that make the proposed amendment reasonably necessary to the promotion of the public health, safety and general welfare.
 - e. Any other relevant information which the Planning Board or Zoning Administrator may request.

Article XII. Definitions

Except where specifically defined below, all words used in the present tense include the future tense; the singular number includes the plural; the word “building” includes the word “structure”; the word “lot” includes the word “plot” or “parcel”; the term “shall” is always mandatory; the word “used” or “occupied,” as applied to any land or building shall be construed to include the words “intended”, arranged or designed to be used or occupied.

Accessory building. A building, subordinate to the main building on a lot and used for a purpose customarily incidental to that main or principal building.

Accessory dwelling unit. ^{xiii} A residential dwelling unit, including a mobile home (if permitted in zoning district), located on the same lot as a single-family dwelling unit, either within the same building as the single-family dwelling unit or in a detached building. The parcel must be a minimum of one acre in size or the minimum required lot size of zoning district, whichever is greater.

Agricultural building ^{xxi}. A structure on agricultural land designed, constructed, and used to house farm implements, livestock, or agricultural produce or products used by the owner, lessee, or sub-lessee or their immediate families, their employees, and persons engaged in the pick up or delivery of agricultural produce or products grown or raised on the premises. The term “agricultural building” shall not include dwellings.

Automobile, truck, farm equipment & farm implement sales and service (Major and Minor). An establishment primarily engaged in the sales, repair, or maintenance of motor vehicles, motorized farm equipment, and farm implements. Major repairs and maintenance includes paint, body, fender repair and painting, and major engine overhaul. Minor repairs and maintenance include brake, muffler, upholstery work, tire repair and change, lubrication, tune-ups, and transmission work. Both major and minor repairs and maintenance are to be performed within a completely enclosed building.

Bed & Breakfast. A private residence, several rooms of which are set aside for overnight guests whose paid accommodations include breakfast. It must meet all legally required tax, fire, building, health, and other requirements for this size and use of property. This establishment advertises publicly and can legally post a sign. Reservations may be made directly with the property owner.

Bona fide farm. ^{xv, xix} The production and activities relating or incidental to the production of crops, grains, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agriculture:

- (1) The cultivation of soil for production and harvesting of crops, including but not limited to fruits, vegetables, sod, flowers and ornamental plants.
- (2) The planting and production of trees and timber.
- (3) Dairying and the raising, management, care, and training of livestock, including horses, bees, poultry, and other animals for individual and public use, consumption, and marketing.
- (4) Aquaculture as defined in G.S. 106-758.
- (5) The operation, management, conservation, improvement, and maintenance of a farm and the structures and buildings on the farm, including building and structure repair, replacement, expansion, and construction incident to the farming operation.
- (6) When performed on the farm, "agriculture", "agricultural", and "farming" also include the marketing and selling of agricultural products, agritourism, the storage and use of materials for agricultural purposes, packing, treating, processing, sorting, storage, and other activities performed to add value to crops, livestock, and agricultural items produced on the farm, and similar activities incident to the operation of a farm.
- (7) A public or private grain warehouse or warehouse operation where grain is held 10 days or longer and includes, but is not limited to, all buildings, elevators, equipment, and warehouses consisting of one or more warehouse sections and considered a single delivery point with the capability to receive, load out, weigh, dry, and store grain.

For purposes of determining whether a property is being used for bona fide farm purposes, any of the following shall constitute sufficient evidence that the property is being used for bona fide farm purposes:

- a. A farm sales tax exemption certificate issued by the Department of Revenue.
- b. A copy of the property tax listing showing that the property is eligible for participation in the present use value program pursuant to G.S. 105-277.3.
- c. A copy of the farm owner's or operator's Schedule F from the owner's or operator's most recent federal income tax return.
- d. A forest management plan.

Building. Any structure used or intended for supporting or sheltering any use or occupancy. ^{xxv}

Building, principal. A building in which is conducted the main or principal use of the lot on which said building is situated.

Building height ^{xxi}. In measuring a building ^{xxiii}, or part thereof, to determine compliance with the maximum height provisions, measurement will be taken from the level of the highest point, or part thereof, and shall not include ornamental cupolas, weathervanes, belfries, chimneys, flag or radio poles, unless otherwise defined.

Cemetery. Land used or intended to be used for the interment of the dead and dedicated for cemetery purposes.

Church, Synagogue, Temple, Or Other Religious Building. A building used for public religious worship.

Club, public or private. Buildings or facilities owned or operated by a corporation, association, or persons for a social, educational, or recreational purpose; but not for profit or to render a service that is customarily carried on as a business.

Cluster Development. A type of major subdivision that is intended is to allow smaller than minimum lot sizes with dwelling units clustered in smaller areas in order to preserve larger areas of open space and environmental resources.

Community Recreation Center. A place, structure, area, or other facilities used for and providing religious, fraternal, social, and/or recreational programs generally open to the public and designed to accommodate and serve significant segments of the community.

Convenience Stores, Including those that sell petroleum and petroleum products. Small franchised or unfranchised stores or markets that sell groceries, consumer goods, foods and petroleum products such as gasoline, diesel fuel, and motor oil.

Customary home occupation, Class I. Any use conducted entirely within a dwelling and carried on by the occupants thereof, which use is clearly incidental and secondary to the use of the dwelling for residence purposes and does not change the character thereof, and in connection with which there is no display and no person, not a resident on the premises, is employed specifically in connection with the customary home occupation, except that not more than one (1) assistant may be employed; provided further, that no mechanical equipment is installed or used except such that is normally used for domestic or professional purposes, and that not over twenty-five (25) percent of the floor space of any structure is used for home occupations.

Customary Home Occupation, Class II. Includes uses conducted entirely within dwellings as permitted under Customary Home Occupation, Class I, and adds permitted uses that are conducted entirely within an accessory building of:

- (1) No greater than 2,500 square feet on a parcel size of 1 to 1.5 acres; or
- (2) No greater than 4,000 square feet on a parcel size of over 1.5 acres.

Use restrictions as to mechanical equipment applicable to Customary Home Occupation, Class I shall not apply to uses conducted entirely within an accessory building. Permitted uses must be clearly incidental and secondary to the primary use of the parcel for residential purposes and should not change the character thereof. Outdoor displays are not permitted.

Permitted uses must be carried on by at least one occupant of the dwelling with no more than four nonresident employees.
