2023-2024 Recommended SCHOOL SUPPLY LIST

Please remember that these items are recommended and not required!

Several families have requested a list of grade level recommended supplies for their “back to school” shopping. Our teachers worked together in grade level teams to create this Recommended School Supply List. Please remember that these items are recommended and NOT required. Many of these items will be shared within the classroom community. Individual teachers may have a more specific list which will be shared via email in August or at the start of school. Happy Shopping!
