

## PAY TO PARTICIPATE

As approved by the Board of Education, the district has implemented a one-time annual fee for activities known as the Pay to Participate Activities Fee. This activity fee will be charged to cover extra-curricular activities such as competitive marching band, debate, and various clubs. This does not include Athletics. Only students participating in an extra or co-curricular activity must pay the Activities Fee. The fee is to be paid once a year, allowing students to participate in as many programs or activities as they choose. The fee is \$50.00 for all high school activities.

Students participating in these activities must pay the fee complete [this form](#). These fees can be paid via Revtrak at the following link: [SLEHS STUDENT FEES](#)

If you need additional information or have questions about the programs requiring a fee, please get in touch with the East High School office at (248) 573-8700.
