

BUILDING A BETTER DISTRICT

SLCS bond work continues on district buildings and facilities

THANKS to the \$98.7 million school improvement bond that residents approved in 2020, South Lyon Community Schools continues to upgrade its buildings to accommodate the growth in enrollment and reimagine existing instructional space. The bond money is also being used to improve student safety and school security, technology infrastructure and equipment upgrades, building updates and furniture replacement.

Here are some recent, ongoing, and upcoming upgrades:

South Lyon High School

- Pool Addition: Ongoing overhead installation with pool construction beginning next month.
- Kitchen Renovation: Complete renovation of the serving line area including terrazzo, ceramic tile, paint, kitchen equipment, and all associated items.
- CTE Room Renovations: Renovations to the CAD, Cisco, Cybersecurity and Shop classrooms.
- Media Center Renovation: Complete renovation of the existing media center (we will be working on this specific renovation into the school year).

South Lyon East High School

- Kitchen Renovation: Renovation to the layout and serving line area including new kitchen equipment.
- CTE Room Renovations: Renovations to the CAD, Robotics, Computer, and Machine Shop classrooms.
- Southwest Parking Lot: Replacement of existing parking lot and associated concrete sidewalks.

Millennium Middle School

- Mechanical Upgrades: New Vertical Unit Ventilator installation ongoing throughout the seventh and eighth grade wing. New ceilings and LED lighting are being installed in the classrooms impacted as well.
- Kitchen Renovation: Upgrades to the kitchen equipment, ceilings, lighting, and layout.
- Roofing Restoration: Ongoing with completion in August.
- Office Renovation: Creation of a secured entry that will route visitors into the Attendance Office when entering.

Centennial Middle School

- Kitchen Renovation: Upgrades to the kitchen equipment, ceilings, lighting, and layout.
- Roofing Restoration: Work has been completed.
- Concrete: Concrete approach replacements at bus loop and drop-off loops.

Salem Elementary School

- Kitchen Renovation: Upgrades to the kitchen equipment, ceilings, lighting, and layout.

Bartlett Elementary School

- Roofing Improvements
