to me, KAREN

Hi Ben,

I am emailing to let you know officially that I will retire after this school year. My effective retirement date is July 1st. My last day of service June 30th.

I still don't know how to handle the insurance benefits for July and August. Karen Fisher suggested you may be able to help me. I would keep the benefits through September 1st, but I am worried that there might be a problem with future ORS benefits. Since I am taking an early retirement, I want to be sure that I don't make a wrong decision and end up losing benefits. Do you have any insight or experience with this matter?

¡Muchas gracias por todo!

Donna
