Susan Toth  
Special Ed. Director  
South Lyon Schools

11-25-19

As you are aware, I have taken days off. Last and this school year have been very difficult and stressful to say the very least. Work and Life Balance has been challenging requiring a lot of work to be done after hours and from home as we discussed. The school social work position has truly taken a toll on me and is not a good fit for me. My family and I have decided it is appropriate to resign from the school social work position. I am thankful for the opportunities during my stay. I would like to offer notice to complete my portion of Medicaid Billing prior to my departure and assist with transition on a part time basis with the last day being 12-6-19.

Kind regards,

Connie Asher, LMSW
