Happiest & Healthiest Greendale

Community Narcan Training

Community Alliance with West Allis Health Department and the How To Club trained and distributed narcan to 35 participants on 1/29/23.

35

participants trained

The target audience is anyone who would consider assisting someone experiencing an overdose, those in addiction and recovery, or general community members.

Healthy Aging

Our Public Health Nurse visits 3 different older adult sites in Greendale each month to offer blood pressure.. In January, PHN shared information on emergencies while living alone; choking, burns, heart attack, stroke.

Respiratory Illnesses in Wisconsin

WISCONSIN LABORATORY SURVEILLANCE FOR RESPIRATORY VIRUSES

Each week, WI DHS releases a report of Respiratory Viruses and Illnesses. This graph shows the trends of common seasonal viruses based on Wisconsin lab results reporting.

Influenza-like-illnesses (ILI) are below "baseline" (expected) activity in our area of the state. The Northwest region of the state currently has moderate activity.

Top Social Post

Parent Support Network for parents whose kids have mental health challenges. Meetings happen every week, both virtually and in communities across the country, and absolutely anyone concerned about their child's mental health can attend, whether or not the child has a diagnosis.
