

Communicable Disease

- Greendale Health Department has discontinued the **individual case investigations** for those who test positive for COVID-19 as of 6/30/22. Residents who test positive or who have questions about COVID-19 are still always welcome to call us to receive information and guidance. The objective moving forward is to place focus at the community level.
 - Stay home if sick and consider [getting tested](#) for COVID-19, wash your hands frequently, cover your coughs and sneezes, wear a mask when [community level](#) is considered “[high](#)”. If you test positive, speak with your healthcare provider to determine if you would be a good fit for [COVID-19 treatment](#).

Community Alliance

- Staff attended community events and shared information about having a family “[Exit Plan: What’s Your Out?](#)”
 - An **Exit Plan** is used in situations that are uncomfortable, dangerous, sticky, unsafe, risky, tricky. No matter what situation or decision got them there, you want them to know how to get out safely. One of the most common approaches is to agree on a code word or phrase.
- During the monthly coalition meeting, a mock “**Wake Up Call**” bedroom display was presented. The Wake Up call presentation provides practical information on current drug trends, a walk-through of a teen’s bedroom with more than 20 red flags that could indicate substance abuse, and proactive parenting strategies to keep your child substance free.
 - The [Wake Up Call](#) room will be available to visit in the lower level of the CLC during Village Days. Look for details coming soon!

Mental Health

- The Healthy Minds, Healthy Greendale group are continuing to make plans and take action towards improving and supporting the mental health of the community.
 - Coordinated the “[Sound It Out](#)” [campaign Public Service Announcement \(PSA\)](#), which has a focus on using music to communicate feelings. The PSA will be shown at the Milky Way Drive-In theatre from May – October, with approximately 130 shows and 150 cars per showing. The PSA will be played within 5-10 minutes of the feature movie.
 - [Book lists](#) are available by age group and category on the Greendale Public Library website. There are also a lot of mental health electronic resources available through Libby and Hoopla. The books that were part of the mental health display in May were checked out more than most other displays. Patrons were interested in the books and topic.
- [988 Suicide and Crisis Lifeline](#) will be active after July 16, 2022. Anyone can call or text 988 or use an online chat tool to access the National Suicide Prevention Lifeline/Wisconsin Lifeline. If you or someone you know needs support for a suicidal, mental health, and/or substance use crisis, don’t hesitate to use 988. They are trained to reduce the stress of your challenge, provide emotional support, and connect you with local resources.

Greendale Health Department Board of Health Report 06/2022
