

## Town of Wenham

### Exterior Building Lighting Conversion to LED

#### Project Overview

In an effort to reduce municipal energy usage and improve area lighting, the Town of Wenham is conducting an exterior lighting retrofit to LED at the Town Hall, Police Station, Hamilton-Wenham Library, and the Highway Garage. Fixtures to be replaced include parking lot lighting, exterior flood lights, and other decorative lighting.

#### Funding

This project is fully funded with a Green Communities Grant through the Massachusetts Department of Energy Resources. Wenham was eligible to apply for the funding due to its status as a designated Green Community, achieved in 2010. Below is a table showing the project financials:

<b>Item</b>	<b>Cost</b>
Construction Costs	\$ 28,673
Utility Incentives	\$ 11,408
Green Communities Grant	\$ 20,495
<i>Total Cost to Town</i>	<i>\$ 0</i>
<i>Estimated Annual Energy Savings</i>	<i>\$9,098.10</i>
